2022 N Level Results Release
## Admin Briefing

19 Dec 2022

Pathways available for Sec 4N students

Sec 4N(A) to PFP

- PFP is a one-year programme that offers a practice-oriented curriculum to better prepare polytechnic-bound Secondary 4 N(A) students for entry into selected polytechnic diploma courses.

- PFP students are given provisional places in diploma programmes, subject to them passing all modules in the 1-year PFP

- As an **alternative to Sec 5**, the PFP is a diploma-specific foundation programme conducted over two academic semesters at the polytechnics.

- **Eligibility does not guarantee placement in a PFP course**

Students eligible for PFP

1. Upon release of O Level Results, you will receive **form P** which allows you to apply for PFP

2. If interested, you can apply for both PFP and DPP.

3. If you are interested **only in PFP**, you should progress to 5N(A) first.

4. If you are offered a PFP place, you **may withdraw from the DPP/5N(A).**

Applying for both PFP and DPP

Option 1	Option 2
Apply for DPP based on N(A)-Level results in December 2022	First progress to Sec 5N(A) and then **apply for both the PFP and DPP** upon release of the GCE O-Level examination results in January 2023
If you accept the DPP offer, you will start the **10-week DPP preparatory programme** at ITE in January 2023.	Students who are offered a place in both the PFP and DPP may only accept one course offer.
Upon the release of the GCE O-Level results in January, if you are informed to collect the PFP eligibility form (Form P) to apply for the PFP and you **accept the PFP offer**, you will need to apply for **withdrawal from the DPP immediately.**	If your application to either the PFP or DPP is successful, you will **withdraw from Sec 5N(A)** by the end of January 2023.

Students who applied for DPP

1. Those who have accepted DPP at end of Dec 2022, should **not** enrol for Sec 5N(A).

2. Report to school **only** if application is unsuccessful.

Special Consideration for N(A) Students who sat for GCE O-Level Examination

- You may use **school-based O-Level prelim exam results** to compute eligibility for **DPP**, promotion to **Sec 5N(A)** or **retention in Sec 4N(A).**

- Students with GCE N(A)- and GCE O-Level Exam results of same subjects are allowed to use the **better of the two grades** to compute your EMB3.

- A GCE O-Level Exam grade of 9 **cannot** be considered for the computation of the ELMAB3 aggregate score for DPP

O Level Prelim Grade	N(A) Level Grade
A1 – B3	1
B4 – C6	2
D7 – E8	3
F9	4

Students applying for ITE courses

- There is **keen competition for places in ITE Nitec**.
  Not participating in the Main Application Phase reduces a student's likelihood of gaining a place in an ITE course they may be interested in.

- N(A) students are on **'an equal footing'** with N(T) students in ITE's admission process.

- Students need to exercise the **full 12 choices** and include less popular options to maximise their chances of a successful posting.

Progression in ITE

- Nitec graduates with good GPA can apply for progression to the 1st or 2nd year of a relevant Higher Nitec course.

- Higher Nitec graduates with   good GPA can apply for admission to the 1st/2nd year of a related diploma course at the polytechnics.

TRAINEESHIP PROGRAMME

For 4N(A) or 4N(T) students

1. With financial challenges

2. Prefer part time studies with salaries

Programme Structure:

1. On Job Training

2. Off Job Training. Attend courses at ITE / ATC.

3. Subject to programme minimum entry requirements

REPEATING SEC 4N(A) COURSE OF STUDY

- Fill up a form **'Request for Retention in Sec 4 Normal Academic (2023)'** and submit to General Office by **20 Dec 2022, 5 p.m.**

- Attach a copy of your **GCE 'N' Level result** slip to the form.

- Both parent(s) and student need to meet up with **School Leaders.**

- At the same time, apply for eligible courses through **JIE.**

School will have the autonomy to determine the outcome of the retention request.
